# Wet/Dry Vacuums

415 PFS

- **Variety of Models to Meet Any Need**
- **Rugged Construction**
- **10-Piece Standard Tool Kit**
- **Polyethylene, Polypropylene and Steel Models Available**
- **One or Two Vacuum Motor Models Available**

## Rugged Dependability in Any Shape or Size

The industrial power wet/dry vacuum line means top-of-the-line quality and top-of-the-line value. All these industrial vacuums come complete with a 10-piece tool kit and dry filters.

Models are available in stainless steel and poly and feature capacities from 10 to 24 gallons.

These units are simple, rugged, built-to-last, and are ideal for wet or dry use. Most models can be equipped with a front mounted squeegee for maximum productivity.

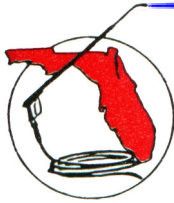

The industrial Power family of wet/dry vacuums features polyethylene, polypropylene or steel tanks, with fixed or tip'n pour style carts.

There is an Eagle Power wet/dry vacuum built to satisfy virtually any cleaning need. All Eagle Power vacuums feature self-locking hoses, oversized motors, and big wheels for transport.
